

WE'RE IN A CRISIS.

That's why our industry is coming together for the 3rd annual **Building Trades Recovery Week.**

Construction workers are six times more likely to die from an opioid overdose than workers in other industries. That's **229 overdose deaths per 100,000 workers.**

Help us combat substance use disorder, improve mental health, and break through the stigma.

BUILDING TRADES RECOVERY WEEK

Join us April 24 – 28, 2023.
